PROFESSIONAL SUMMARY

Software Developer with over 2 years of experience in web application development. Proficient in ASP.NET MVC, C#, MS SQL Server, .NET Core and .NET 6. Skilled in front-end technologies including HTML5, CSS, Bootstrap and JavaScript. Experienced in managing the full software development lifecycle, from requirements analysis to maintenance, delivering robust business applications.

EDUCATION

Bachelor's degree in Information Technology
The National Institute of Engineering (formally NIE Institute Of technology) 📅 2015 – 2019
📍 Mysore, Karnataka.

EXPERIENCE

Trainee Software Developer
Star knowledge LLC 📅 2022 – ongoing   📍 Mysore, Karnataka India

- Proficient in debugging, building, testing, and deploying software applications in Visual Studio, with a proven focus on maximizing application efficiency and scalability.
- Led the successful design & development of C# components, resulting in a 40% increase in application efficiency and improved business logic.
- Spearheaded the design and development of C# components for a 3-tier application, optimizing system performance by 50% and collaborating closely with SQL Server databases to implement critical business logic.
- Skilled in constructing and managing web apps and APIs using C#, LINQ, Entity Framework, and SQL Server, as well as writing optimized stored procedures and functions.
- Reduced application vulnerability by 75% by implementing robust security measures including form-based authentication and role-based authorization using asp.net identity and .net core JWT authentication, as well as adding a CORS security layer to protect the rest API.
- Developed and implemented robust, maintainable, and extensible code using object-oriented design patterns like repository and unit of work.

Junior Software Developer
JayBlues Technologies 📅 2021 – 2022   📍 Mysore, Karnataka India

- Developed and delivered robust projects using CodeIgniter PHP framework (versions 3 & 4) for diverse domains, including temple management and healthcare.
- Ensured software quality and maintainability by writing comprehensive unit tests and resolving issues promptly.
- Created mobile-responsive designs with HTML, CSS, bootstrap and jQuery, boosting user engagement by 25% and enhancing overall user experience.
- Closely collaborated with clients to gather requirements and deliver tailored software solutions.
- Streamlined the database design process using phpMyAdmin, resulting in a 25% increase in efficiency and an improved user experience.

SKILLS

Server-side Technologies

C# .NET   ASP.NET MVC

ASP.NET CORE   Entity Framework

OOPS   .Net Framework

Microsoft SQL Server

Azure Functions

Azure OpenAI(GPT-3)   CI/CD

Client-side Technologies

HTML5   CSS   JQuery   JavaScript

JQuery Plug-in   Bootstrap   Ajax

Razor pages

Development and Operations

Swagger.io   GIT   Scrum   Agile

Azure DevOps   Manual Testing

Postman

CERTIFICATIONS

Azure Developer Associate
Microsoft, 2023
